

Third Party Vendor Integrations

Enhance organizational efficiency with a wide range of third party vendor integration to the PointClickCare platform.

With over 100 certified third party vendor integrations and data extracts available, PointClickCare has the integration options available to help organizations eliminate manual data entry and duplication – reducing errors and saving time.

Connecting with partners in senior care delivery is integral to working, thriving, and succeeding together. With PointClickCare Third Party Vendor Integrations, senior care providers can easily connect with their networks to exchange information, eliminating error-prone manual data entry and duplication. Third Party Vendor Integrations allow providers to streamline data

management, supporting efficient organizational workflows. Providers can trust that all integrations are future-proofed, meaning that integrations will continue to work even if innovations or upgrades are applied to the PointClickCare platform.

Third Party Vendor Integrations provide:

- Improved data accuracy and completeness
- Increased efficiency
- Enhanced decision-making capability
- Secure data exchange

What are Third Party Vendor Integrations?

Third Party Vendor Integrations offer multiple data exchange and extraction capabilities, enabling providers to connect with their senior care network partners. In addition to real-time data integrations, data extracts and embedded application functionality are also available, eliminating manual data entry and duplication.

Integration Options

Comprehensive integrations with Pharmacies, Labs, Medical Device Software and Health Information Exchanges (HIEs) are available. Other data exchange options include third party vendor interfaces and data extracts with the following types of software systems:

- Activity Planning
- ADT/Census Data
- Building Management
- Chart & Point of Care
- Dietary
- Education Services
- Financial/Administration
- MDS Verification Data
- MDS Assessment Data
- Services & Supply Management
- Therapy
- Wound Management
- Customer Relationship Management

How do Third Party Vendor Integrations work?

Working with the PointClickCare Vendor Integration Services team, organizations benefit from our vast experience in successfully implementing tens of thousands of connections. Each integration project is assigned a dedicated project manager to ensure it will be implemented on time, every time, no matter the scale of the project. In addition to configuring the technical components of an organization's specific integration, PointClickCare delivers consistent, cost effective and timely onboarding to staff on the integrated solution, ensuring that the organization is connected with their integration partner as quickly as possible.

How do providers benefit?

Increased Efficiency – Eliminate duplicate manual data entry, saving time and money.

Enhanced Data Integrity – Experience lower data entry error rates, reducing organizational risk exposure.

Improved Decision-Making – Expand organizational data exchange capability, broadening the knowledge base both within and outside the organization for more informed decisions.

Accelerated Responsiveness – Benefit from timely data updates, ensuring the organization has the information when it needs it to make the right decisions for the organization and residents.
