"

Nursing Advantage has helped
reduce our readmission rates due
to our better assessment skills,
allowing us to take higher acuity
patients and make our referral
partners happy.

Shane Craycraft
Director of Clinical Services

Nursing Advantage benefits your organization in the following ways:

Improved Care Delivery
by providing evidence-based clinical content to improve outcomes

Managed Risk
by removing variability from the care delivery process

Increased Financial Outcomes
by avoiding unnecessary hospital readmissions and establishing a positive reputation with partners

Increased Time Savings
by reducing time spent building care plans

> With Nursing Advantage it's much easier to find data. We can look at a patient's data by day and we can look at each individual patient by unit. PointClickCare combined with Nursing Advantage has made my life significantly easier.
