Forrester's Total Economic Impact[™] study reveals ROI for our skilled nursing customers.

A Commissioned Total Economic Impact™ Study

conducted by Forrester Consulting on behalf of PointClickCare, revealed:

Let's look at where those savings happen – and how you might use that extra money.

Reduced Charting Time for Nursing Staff

\$698,308

Electronic charting

with a single view into resident records
– eliminates time spent on manual
charts and tracking down paperwork.

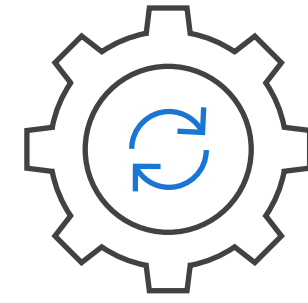

Integrated Information Efficiencies

\$53,716

Staff can easily see and share accurate, up-to-date info across the resident journey with a few clicks.

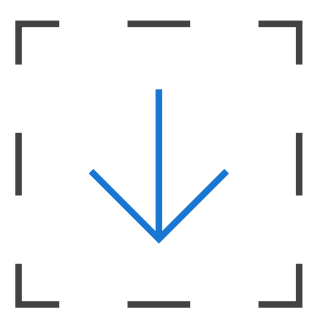

Reduced Cost of Nursing Staff Turnover

\$126,054

Roles, tasks and expectations are clearly defined, so clinicians perform more efficiently. Managed expectations mean more satisfied employees, and less burnout.

Fewer Medicare PDPM Penalties

Better care and compliance lead to lower readmission rates

+

=

\$397,896

SNFs reduced withheld Medicare reimbursements
and even added incentive payments.

What can your SNF do with these savings?
