

PointClickCare®

Solution Sheet

Medicaid Solutions

Advance value-based care initiatives and improve transitions of care across care settings.

Our technology offers a shared solution for Medicaid fee-for-service (FFS), managed care organizations (MCOs), and other risk-bearing entities (RBEs) to simplify operations, enhance collaboration, and improve healthcare delivery.

Make an Impact at the State and Local Level

Improve patient care for individuals while also gathering valuable insights related to population-level dynamics to maximize your impact.

Our solutions can integrate directly with Medicaid agencies or individual MCOs/RBEs, promoting coordinated efforts to enhance care collaboration, improve community health outcomes, and achieve Medicaid quality measures.

Our solutions can help:

Reduce preventable hospital readmissions

Decrease inpatient length of stay (LOS)

Address chronic conditions

Improve maternal and child health

Address substance use disorder (SUD)

PointClickCare can help Medicaid MCOs and RBEs achieve their goals and meet health outcomes targeted to high-risk populations and receive incentives in value-based purchasing (VBP) arrangements while improving community health outcomes.

What you can expect:

Implementation Tools

Product implementation tools that provide guidance for agency stakeholders, such as the Health Information Technology Framework for Advanced Payment Models

Program Business and Health Outcome Goal Achievement

Plan and deliver business-driven, modular technology projects for state Medicaid programs to meet goals and improve health outcomes.

Regulatory Guidance

Adhere to industry regulations – as the industry transitions to the Quality Payment Program, PointClickCare is advising clients on how best to meet the rigorous requirements of the program.

Federal Funding Knowledge

Leverage the knowledge of subject matter experts to streamline modular certainty around federal funding.
