Solution Sheet

PointClickCare Marketplace

Maximize the power of your EHR with integrated partner solutions

With the largest ecosystem of partner solutions integrated directly into your EHR, Marketplace makes optimizing your existing technology investment efficient, intelligent, and scalable, enabling you to spend more time on what matters – your residents.

Tired of technology that doesn't work together? Simplify it with EHR-integrated solutions.

Disparate and disconnected technological tools create inefficiencies and force your staff to work in multiple systems. With Marketplace, you can integrate third-party solutions with the EHR.

Marketplace features a variety of categories aligned to challenges our customers face. Explore 375+ partners to find solutions that integrate with your EHR, complete with quick and easy implementation. Working with a technology vendor you love? Check Marketplace to see if integration is already available.

Using Marketplace integrations which offer automation and reduce the need for duplicate data entry, your organization can reduce time and resources spent on manual, burdensome tasks, improve staff retention, enhance efficiency and accuracy, and focus on resident care.

How can Marketplace help?

One place to view and evaluate integrated apps

Maximize staff productivity to focus on residents

Optimize existing technology investments

> Using a vendor from Marketplace aids us in so many ways. It helps us find partners who are the right fit without wasting time in the process. It allows us to quickly integrate solutions without needing to struggle through the rigamarole of manual implementation. I don't have to worry about maintenance and updates. PointClickCare works directly with the vendors to make sure the solutions comply with security, privacy, and state regulations.
