# Aploi Schedule

Get control of your budget with smarter shift management

Aploi Schedule enables skilled nursing facilities and senior living communities to efficiently build and manage their staff schedules. Easily plan rotations across multiple contracts – full-time, temporary, per diem, and agency staff – with dashboards to help you optimize labor spend and automated communication to fill open shifts quickly.

## Efficiently Manage Your Staff Schedule and Labor Budget

Shift management frequently relies on manual, time-consuming methods such as spreadsheets, call lists, or even pen and paper to keep track of availability and shift rations while coordinating staffing across locations. This approach can lead to a scramble to fill shifts at the last minute, resulting in a costly dependence on agency labor.

PointClickCare has partnered with Aploi to offer an all-in-one solution for staff scheduling. Consolidating your staffing pools into one view can support more efficient utilization of staffing resources, reducing reliance on agency labor and enabling you to drive a healthier bottom line.

## Take Charge With Efficient Scheduling

### Easy scheduling

Build rotations in minutes and automate the communication of open shifts across your labor pool.

### Fill gaps fast

Broadcast open shifts in seconds to selected staff. Send via text or the app and specify recipients based on position and shift rations.

### Smart budgets

Drive a healthier bottom line by tracking overtime, agency, and full-time staff in one view.
